CLASS # 44
SUPER VIEW DIGITAL CALIPER

This is similar to a dial caliper except it displays in a digital, easy to read format. It displays either inches or millimeters at the push of a button. There is a button for automatic zero and it has a resolution of 0.1mm/0.01” with an accuracy of plus or minus one thousandth of an inch or 0.2 mm.

The unit is powered by a silver oxide battery, that will last for years, and it has a low battery warning. The battery is supplied with the instrument and is replaced with a common 1.5V nicad battery.

The body of this unit is an aerospace grade composite material of carbon fiber and the measuring range is from 0” to 6” with a throat depth of 1-9/16”. Easier to read than dial type calipers, and gives fast, accurate measurements in the field when a tape measure just won’t do the job. Imported.

CLASS # 44
41 PC. TAP & DIE SET

For threading repairs in machinery and other metal projects, these tap and die sets are perfect for autos, motorcycles, general shop, farm, and home use. Features both national coarse and national fine threads, or metric coarse and metric fine threads. Made of high alloy steel.

This set includes 17 taps and 17 of the equivalent hexagonal solid dies up to 1/2". Also includes one adjustable die tool with a built in stock guide, two 'T'-handle tap wrenches, one adjustable tap wrench, one screw pitch gauge, and one screwdriver. Blow mold carrying case included. Import.

SAE – Contents

- 17 pc. Taps & 17 pc. Dies: 4-40unc, 6-32unc, 8-32unc, 10-24unc, 10-32unf, 12-24unc, 1/4-20unc, 1/4-28unf, 5/16-18unc, 5/16-24unf, 3/8-16unc, 3/8-24unf, 7/16-14unc, 7/16-20unf, 1/2-13unc, 1/2-20unf, 1/8NPT27
- 1 – Adjustable Tap Wrench
- 1 – 'T' Handle Tap Wrench
- 1 – Adjustable Die Wrench
- 1 – Screwdriver
- 1 – Screw Pitch Gauge
- 1 – Storage Case

Metric – Contents

- 17 pc. Taps & 17 pc. Dies: M3 x 0.5, M3 x 0.6, M4 x 0.7, M4 x 0.75, M5 x 0.8, M5 x 0.9, M6 x 0.75, M6 x 1.0, M7 x 0.75, M7 x 1.0, M8 x 1.0, M8 x 1.25, M10 x 1.25, M10 x 1.5, M12 x 1.5, M12 x 1.75, 1/8NPT27
- 1 – Adjustable Tap Wrench
- 1 – 'T' Handle Tap Wrench
- 1 – Adjustable Die Wrench
- 1 – Screwdriver
- 1 – Screw Pitch Gauge
- 1 – Storage Case

ARROW WELDING MAGNETS

These handy magnets are powerful ‘helping hands’ when welding pieces of materials together. They’re used in many welding, soldering or assembly projects and can even be used as ‘floaters’ to separate piled steel plates.

Also used with a shop crane to lift material and transfer it these magnets are available in 25 lb, 50 lb, and 75 lb strengths and are configured with 45°, 90°, and 135° angles both inside and outside. They can lift and hold any type of ferrous metal. Imported.

ITEM#:	DESCRIPTION:
ARROW25	25 LB. ARROW WELDING MAGNET
ARROW50	50 LB. ARROW WELDING MAGNET
ARROW75	75 LB. ARROW WELDING MAGNET

CLASS # 44
VICTOR TYPE WELDING KIT

This ‘Victor’ type welding kit contains everything needed, except the gas and tanks. For welding, cutting or as a torch, this professional quality kit will weld to 1/4” thick and cut up to 1/2” thick with the tips included but with the addition of optional tips available anywhere, this outfit can weld up to 1-1/4” and cut up to 6” thick.

Interchangeable with Victor® brand welding attachments and is UL listed and approved. Imported.

Kit Includes:

- Torch handle
- Oxygen regulator
- Acetylene regulator
- Cutting attachment
- Cutting nozzle #2
- Welding nozzles: #0, #2, & #4
- 15’ x 1/4” Oxy/Acetylene welding hose
- Tip cleaner
- Goggles
- Spark lighter
- Spanner
- Carrying case

ITEM#:	DESCRIPTION:
WELD	VICTOR TYPE WELDING KIT

CLASS # 44
SLIDE HAMMER PULLER SET

Eases removal of flange type axles, oil seals, bearings and other press fit parts. The jaws can be set up for either 2 or 3 jaw internal or external pulling for inside or outside pulling of gears.

Also includes a puller hook for general pulling as well as a standard dent puller end so that you can easily do body panel repairs. You can even thread a vise-grip wrench to the end and use that as a universal puller.

Made of chrome vanadium steel and chrome plated to prevent corrosion and rust. Comes with heavy duty carrying case. Imported

Includes:

- External 3 Jaw Puller
- Internal 3 Jaw Puller
- External 2 Jaw Puller
- Internal 2 Jaw Puller
- Grip Wrench Adapter
- Puller Hook
- Rear Axel Puller
- Dent Puller

ITEM#:	DESCRIPTION:
332	SLIDE HAMMER PULLER SET

CLASS # 44
BALL JOINT SERVICE KIT

This is a 3-in-1 service kit for removing and installing press fit parts such as ball joints, universal joints, and truck brake anchor pins. This heavy duty set contains a ‘C’-frame press with a 12” forcing screw and 3 receiver tubes; 2-3/4” ID x 3” OD, 2-1/4” ID x 2-1/2” OD, and 1-3/4” ID x 2” OD. Includes two installation and removing adaptors.

Removes even the most rusted and corroded parts and makes brake work and front end jobs a snap. This set comes in a convenient, rugged blow mold carrying case. Import.

ITEM#:	DESCRIPTION:
324	BALL JOINT SERVICE SET

CLASS # 44
BEARING RACE & SEAL DRIVER SET

This bearing race and seal driver set will save time and will also protect those expensive bearing jobs. It is designed to make it easier to insert wheel bearing race and seals without damage to race and axel housing.

This set includes nine disc sizes to fit most wheel bearings, then turn disc over to drive seals. Comes complete in a rugged blow mold carrying case for convenient storage and retrieval. Machined aluminum construction. Import.

Sizes:

- No. 1 - Size 1.565"
- No. 2 - Size 1.750"
- No. 3 - Size 1.965"
- No. 4 - Size 2.325"
- No. 5 - Size 2.470"
- No. 6 - Size 2.555"
- No. 7 - Size 2.830"
- No. 8 - Size 2.995"
- No. 9 - Size 3.180"

CLASS # 44
COMPRESSION TEST KIT

One of the easiest and important ways to test an engine's health is by checking its compression. That can be accomplished with this complete compression test kit that detects worn piston rings, cylinders, damaged valves and blown head gaskets.

Simply test compression by threading the appropriate hose and adapter into the spark plug hole. The impact resistant gauge measures up to 300 PSI and the hoses and adapters will fit any engine.

Includes:

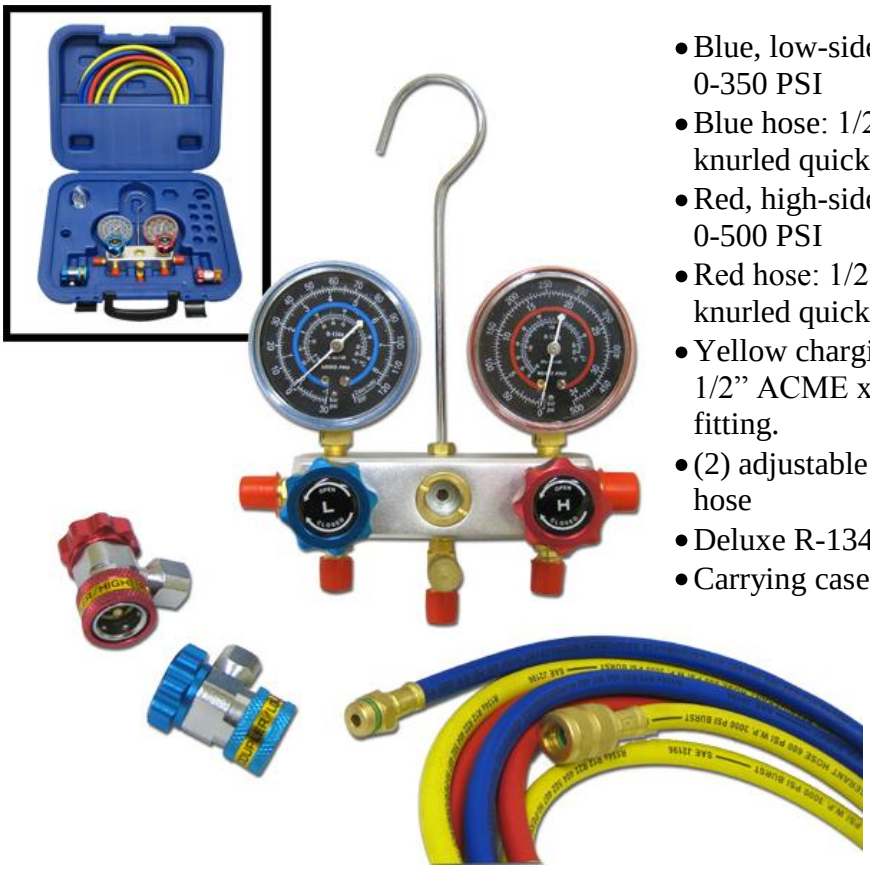
- Compression gauge with protective rubber and quick change coupler
- Aluminum extension tube
- Angled aluminum extension tube
- NBR hose fits M14 & M18
- Extension thread head - Inner: M14 outer: M14
- Blow mold carrying case

ITEM#:	DESCRIPTION:
361	COMPRESSION TEST KIT

CLASS # 44
AIR CONDITIONER MANIFOLD GUAGE

This air conditioner manifold gauge set is vital when recharging the air conditioning system in trucks and cars. The red and blue air hoses connect to the high and low pressure Schrader valves on the engine manifold and the yellow hose connects to an external pump for evacuating the system and then to the coolant canister for recharging.

This kit features a heavy duty aluminum body with solid brass air hose fittings and metal gauge housing with liquid packed, vibration free gauges. The large aluminum knobs are easy grip and extremely durable. The housing has a sturdy hook for hanging the unit from inside the hood while operating.



Includes:

- Blue, low-side gauge: 2-3/4” diameter, 0-350 PSI
- Blue hose: 1/2” ACME x 54” with knurled quick connect fitting
- Red, high-side gauge: 2-3/4” diameter, 0-500 PSI
- Red hose: 1/2” ACME x 54” with knurled quick connect fitting
- Yellow charging hose: high pressure, 1/2” ACME x 72” with anti-backflow fitting.
- (2) adjustable couplers for blue and red hose
- Deluxe R-134a compatible
- Carrying case

CLASS # 44
BOLT CUTTERS

Heavy duty, chromium molybdenum, (also known as ‘Chrome Moly’), is a general purpose steel that doesn’t easily corrode or deform under stress or harsh working conditions. The use of Chrome-Moly in these bolt cutters will assure that they perform well under rigorous applications.

They have a short and very hard cutting edge to accommodate chain link, high grade bolts, reinforcing rods, and the high test rods used in pre-stressed concrete. They meet or exceed U.S. Government Spec # GGG-C-740D.

CLASS # 44
4 PC GEAR PULLER SET

This complete set of reversible gear and bearing pullers can be used for pulling either inside the gear or clamped over the outside of the gear. The set features a full range from 3”, which can be used as a bearing puller, up to an 8” that will open up to cover a 17” gear. It can be adjusted longer or shorter for a reach of 2-3/4” to 10-1/2”.

They’re heat treated and hardened to withstand great pressure without the center post pulling apart from the jaws. The posts are precisely aligned to give you a positive and equal pull and the set includes one each of 3”, 4”, 5” and 8”. Made of forged steel with a chrome finish. Imported.

ITEM#:	DESCRIPTION:
665	4 PC. 3-JAW GEAR PULLER SET

CLASS # 44
3 WAY POWER HAND STAPLER

This handy stapler has 1,001 uses. It's perfect for screen repair, carpeting, upholstery etc. The heavy duty spring action drives the staples for a secure hold and the safety bar prevents accidents when not in use.

Uses standard 5/32" ~ 9/16" staples, 3/8" ~ 9/16" round staples and even 5/16" ~ 9/16" nails. Comes with starter box of above staples. Perfect for any carpenter. Imported.

ITEM#:	DESCRIPTION:
879	3 WAY POWER STAPLER WITH STAPLES

CLASS # 44
2 - WAY HAND RIVETER

This two way hand riveter can be used in either a horizontal position or vertically which will allow for the best pressure in any confined space.

They're made of heavy gauge, heat-treated steel with vinyl grips and a highly polished, chrome head. The spanner wrench, used to change the rivet heads is kept inside one of the handles and the 4 heat-treated interchangeable dies store conveniently on the outside of the handle.

Includes ten each of four different sized rivets: 3/32", 1/8", 5/32" and 3/16". Imported.

ITEM#:	DESCRIPTION:
800	2 - WAY HAND RIVETER W/ 40 RIVETS

CLASS # 44
4 PC. ‘C’ CLAMP SET

This set of four ‘C’ clamps is constructed of cast steel and heat treated for strength and durability. They have heavy duty sliding ‘T’ handles and screw shafts and the anvil and tip base are perfectly aligned to hold material firmly.

Each set contains one each of 3”, 4”, 6”, and 8” and all clamps meet U.S. Federal specs GGG-C-406D. Excellent for professional use. Imported

ITEM#:	DESCRIPTION:

- Pry bar end

ITEM#:	DESCRIPTION:
676	2' HEAVY DUTY WRECKING BAR
677	4' HEAVY DUTY WRECKING BAR

CLASS # 44
2 PC. NUT SPLITTER SET

This handy tool is used to crack or split a nut that is stripped or stuck on to a bolt due to age, corrosion or rust. It has a fully hardened, steel chisel that is driven by a large screw, and a drop forged, chrome vanadium steel body.

Simply place the splitter head over the nut and turn the chisel bolt with an adjustable, boxed, or ratchet wrench and socket. This will drive the chisel through the side of the nut splitting it to the threads of the bolt. Repeat on an opposite end of the nut and it will separate in two.

This two piece set will split nuts from 1/2" to 5/8", (12 to 16mm), with the smaller head and the large splitter will handle nuts from 5/8" to 7/8", (16 to 22mm). Works on both SAE and Metric nuts and is faster than a torch or a hacksaw.

ITEM#:	DESCRIPTION:
NUTS	2 PIECE NUT SPLITTER SET

CLASS # 44
SOCKET WRENCH ACCESSORIES

9 PC. WOBBLE EXTENSION SET

- **For getting into deep, hard to reach areas**
- **Heat treated, chrome vanadium steel**
- **3 Drives: 1/4”, 3/8” and 1/2”**
- **Each drive has 3 different lengths: 3”, 6” and 9”**
- **Socket end wobbles for the best angle to fit any application**
- **Imported**

- **Imported**

ITEM#: FRS

ITEM#:	DESCRIPTION:
690	9 PC. WOBBLE EXTENSION BAR SET
FRS	3 PC. FLEX HEAD RATCHET SET

CLASS # 44
DOUBLE SHELF UTILITY CART

Features a sturdy, 1” square tube frame, and measures 34” high, 16” wide, and 30” long. It has two 3” deep shelves that can be positioned at the middle, bottom, or top of the frame.

The baked on enamel shelves are not hung on inserts like the cheaper carts but instead are bolted through the frame on all four corners, so they will not sag or buckle under the weight of tools or parts.

Rolls easily on four 4” rubber casters and two of them have the step down locking levers to either hold their position or free wheel. The rated capacity on these rugged carts is 500 lbs. maximum. Color may vary. Imported.

ITEM#:	DESCRIPTION:
330	DOUBLE SHELF UTILITY CART
330WD	DOUBLE SHELF UTILITY CART W/ DRAWER

CLASS # 44
VIPER 18 DRAWER TOOL CHEST

This is an exceptionally heavy duty and slick looking tool chest. It has a .08mm steel shell with 1.0mm steel drawers and full width aluminum drawer pulls. It is powder coated with a glossy, jet black finish that gives this chest a great look and feel.

It comes in two sections; a 9 drawer, 41” wide chest that sits perfectly on top of the 9 drawer, 42” wide rolling cabinet. Together, this unit is 42” wide and 5’ tall on its four 5” x 2” casters. The drawer slides are 3 segment, quick release, ball bearing mechanism with a load rate of 100 lbs. each and each chest section has two tubular, chromed steel side handles. Coded locks, keys and drawer pads included.

Specifications:

9 Drawer Rolling Bottom Cabinet

CLASS # 44
ROYAL RED SHOP RAGS

These shop rags are 15” by 15” square, just the right size for normal clean up of small spills and other shop accidents. Also known as “grease getters”, these shop rags are 100% pre-washed cotton and super absorbent.

They have hemmed edges so there’s no lint or fraying even after multiple washings and they’ve been pre treated to be super absorbent, yet release the grease, dirt, and grime when they’re washed.

Use them for cleaning up spills, wiping down parts, cleaning machinery or covering sensitive parts so they don’t get dinged up in the shop or hundreds of other uses. They’re packed 72 rags to a box.

ITEM#:	DESCRIPTION:
RAG	ROYAL RED SHOP RAGS (72 PACK)

CLASS # 44
48 PC. DRILL ACCESSORY KIT

A great accessory kit for any woodworker. 48 drill bits, forstner bits, plug cutters, countersinks, power bits, and stop collars plus a hex key and a quick connect all in a convenient, blow mold carrying case. Imported.

Includes:

- 8 Plug cutters
- 8 2” Power bits
- 7 Countersinks
- 7 Forstner bits
- 7 Drill bits
- 7 Stop collars
- 1 Hex key
- 1 Quick connect

AUTOMOTIVE TOOLS

SPARK PLUG HOLE CHASER

- **High grade tempered steel**
- **Double ended for both 14mm and 18mm threads**
- **Use with 3/16” deep socket**
- **Cleans dirt, carbon and metal products from spark plug holes assuring a firm, clean connection**

ITEM#: 771

FLAT TIRE REPAIR TOOL

- **Remove object from tire**
- **Place rubber cement on reamer tool**
- **Run reamer tool in and out of puncture**
- **Load eye of plugging tool with rubber plugging material**
- **Push plugging material into puncture, pull out plugging tool and inflate tire.**

Includes:

- **Reamer**
- **Threader**
- **Rubber Cement**
- **Rubber plug strips**

ITEM#: 773

CLASS # 44
SUCTION CUPS

These lightweight, multi-purpose suction cups are easy to use, and perfect for handling sheet metal, glass or any other non-porous material, like certain fiberglasse and laminates.

The easy action lever simply flips over for suction power and then flips in reverse to release. The dual suction cup will handle up to 130lbs. with a cup diameter of 4-3/4”. The single cup holds up to 77lbs. and the cup diameter is 4-5/8".

Can be used for one person auto glass or home glass repair, for handling large sheets of glass, sheet metal, or laminates. They’re strong enough to use for small dent removal on autos or trucks. Imported.

ITEM#:	DESCRIPTION:
9039	DOUBLE CUP GLASS SUCTION CUPS
9038	SINGLE CUP GLASS SUCTION CUPS

CLASS # 44
36” BLOW MOLD CREEPER

This is a 36” rolling creeper that auto mechanics use for sliding under a truck or automobile while doing repair work in the prone position. This is a heavy duty, plastic ‘blow mold’ construction. (Definition of ‘Blow Mold’: A polymer is extruded through a die, and then pinched off by a mold. The part is formed by air being injected into the mold cavity, forcing the polymer to contour to the cavity walls.)

This creeper is contoured at the shoulder area making it non restrictive to arm movement so it is easier and more comfortable to work in a tight area under a chassis. It also has a cushioned headrest and it rolls smoothly on four 2” wheels. IMPORTED

ITEM#:	DESCRIPTION:
946	36” BLOW MOLD CREEPER

BC36	36”	SPEEDY GRIP BAR CLAMPS

CLASS # 44
BONDO SPREADERS

These bondo spreaders are simply hard plastic ‘blades’ that you use when spreading bondo (dent and hole filler), or glazing putty onto cars, boats, etc. They can also be used for spreading spackling on walls to cover holes.

They are tapered to an edge to make the spreading smooth and have a hole in the upper middle for hanging. Packed 100 per box and sold by boxes only. Item # BS456 is a 3 pack that includes 1 each 4”, 5” and 6”. Imported.

ITEM#:	DESCRIPTION:
BS2	2” PLASTIC BONDO SPREADERS - (100)
BS4	4” PLASTIC BONDO SPREADERS - (100)
BS5	5” PLASTIC BONDO SPREADERS - (100)
BS6	6” PLASTIC BONDO SPREADERS - (100)
BS456	4”, 5” & 6” BONDO SPREADER SET - (1 EA.)

CLASS # 44
6 PC. BRASS WIRE WHEEL SET

Non sparking and softer than steel, brass wire brushes will not scratch soft metals such as gold, copper, bronze or brass and are ideal for surface prep or cleaning on these materials.

Uses include burnishing, polishing, non sparking static removal, and some deburring. This assortment includes a 2” cup brush, one 2” wire wheel, two 1-1/2” wire wheels, a 2-1/2” wire wheel, and a 3” wire wheel and all on 1/4” shanks for easy use on drills and die grinders. Imported.

ITEM#:	DESCRIPTION:
163	6 PC. BRASS WIRE WHEEL BRUSH SET

CLASS # 44
CHISEL SETS

3 PC. BEVEL CHISEL SET

Features high carbon, tool steel blades that are hardened, tempered, ground, and honed and finished with a black oxide to prevent rust.

The handles are high impact, virtually unbreakable polypropylene plastic.

This 3 piece set features one each of a 1/2”, 3/4” and 1” wide beveled chisel and is manufactured in Sheffield, England.

ITEM#:	DESCRIPTION:
673	3 PC. BEVELED CHISEL SET

8 PC. WOOD LATHE CHISEL SET

Used to shape wood as it rotates on a lathe for making items like table or chair legs, etc.

Made from high carbon, tempered tool steel and fully heat treated for hardness and to hold an edge.

The handles are made from hardwood and designed for a comfortable and safe grip.

This set includes one each of the most popular chisels: 1/4” gouge, 1/2” gouge, 3/4” gouge, 1/2” round nose, 1/2” skew, 1” skew, 1/2” spear & 1/8” parting tool.

ITEM#:	DESCRIPTION:
674	8 PC. WOOD TURNING CHISEL SET

CLASS # 44
WOODWORKING CHISEL SET

This 9 piece chisel set is designed for fine wood work and suited for use by hand or with a mallet. Each chisel features an extra long handle and blade for increased leverage.

The blades are chrome vanadium, solid forged steel for retentive blade edge and the handles are made of tough polypropylene. Sizes include 1/4”, 3/8”, 1/2”, 5/8”, 3/4”, 7/8”, 1”, 1-1/4” and 1-1/2” and the set comes in an aluminum carrying case.

ITEM#:	DESCRIPTION:
849	9 PC. WOODWORKING CHISEL SET

CLASS # 44
METAL FISH TAPES

Contractor's flat metal fish tapes are encased in lightweight ABS, heavy, impact plastic housings with viewing holes to make it easy to see how much metal tape is left on the reel. They're tough and durable and feature knurled handles that are easy on the hands.

To operate, simply hold onto the casing and fish the wire out to a desired length, traveling through ducts, pipes, conduit or any other narrow and hard to reach areas, then simply attach one end of any length needing to be pulled back through, such as electrical wire, rope or cable, to the formed metal end, tape it secure, and pull it back through by holding the handle while rotating the casing from the inside.

Please note that before pulling any item through any space with a metal fish tape, that all electricity that may possibly come in contact with the metal tape itself should be disconnected, as the metal tape is conductive and could cause serious injury or death. Imported.

ITEM#:	SIZE:	DESCRIPTION:
509	50'	METAL FISH TAPE
511	100'	METAL FISH TAPE
512	200'	METAL FISH TAPE

CLASS # 44
GREASE GUNS

Two, heavy duty, garage style grease guns that feature knurled housing for better grip and a screw in nozzle that can easily be removed and replaced with an optional flex hose for harder to reach fittings.

Each gun takes a standard 14 Oz. grease cartridge which just drops into the chamber or they can be suction or bulk loaded from any available grease source, and with the smooth action of the lever or pistol grip, they'll deliver a smooth flow of grease to any size zirc fitting.

Made of lightweight aluminum and machined steel. The nozzle and the coupler tip are included. Flex hose sold separately. Imported.

CLASS # 44
MAGNETIC PARTS TRAY

These little 5-1/2” x 9” metal parts trays have plastic coated, magnetic bottoms and will stick to any metallic areas such as a vehicle engine area, a tool box, shop cart or any other work place. They will hold small metal tools or parts such as nuts, bolts, screws, springs etc.

The powerful magnets hold parts securely inside whether horizontal or vertical, even upside down! The plastic coating protects surfaces from being scratched or marred. Imported.

ITEM#:	DESCRIPTION:
770	5-1/2” x 9” MAGNETIC PARTS TRAY

CLASS # 44
MICROMETERS AND CALIPERS

0” to 1” OUTSIDE MICROMETERS

Rugged, forged steel frame with a one piece, hardened spindle and machined threads.

The knurled thumb screw clicks when closed for accurate readings to 100,000ths of an inch. Also has a spindle lock for making multiple measurements or for transferring a measurement. The sleeve and thimble have a satin chrome finish as well as a non-slip knurling. Imported.

VERNIER CALIPERS

These precision crafted, vernier calipers will accurately measure to 1,000ths of an inch or millimeter.

It features two vernier scales so it will read .001” or .002mm and is crafted of stainless steel and a satin chrome finish with microfine black markings for precise measuring.

The sliding surfaces are raised, preventing marring and graduation wear, and the measuring faces are ground and lapped for accuracy. This unit meets or exceeds all government specs for precision measuring instruments and can be used for inside or outside measurements. Includes leather case.

ITEM#:	DESCRIPTION:
MICRO	MICROMETERS - 0” TO 1” OUTSIDE
CALIPER	CALIPERS - DUAL SCALE VERNIER

CLASS # 44
MISCELLANEOUS

22” MACHETE

Straight out of the jungles of Central America, these authentic Panga type machetes are used by gardeners, well drillers, landscapers, excavators and surveyors.

The wide blade is perfectly weighted for swinging, which greatly reduces fatigue and the wooden handles have been riveted 6 times to hold up under extreme use in any weather.

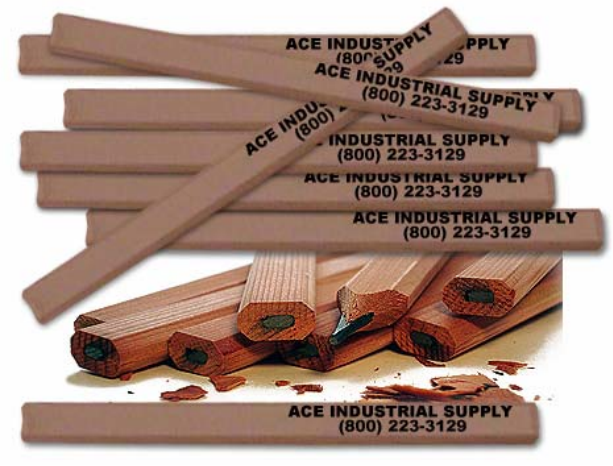
ITEM#:	DESCRIPTION:
675	22” ‘PANGA’ TYPE MACHETE

5-IN-1 NESTING TOOL

This handy tool is actually 5 common tools in one neat, little package. It’s a 7-1/2” brass hammer with a screw off bottom. Inside the handle are 4 multi purpose screwdrivers that will fit just about any small project.

It works just like the Russian nesting dolls or ‘Babushka’ dolls; the smaller screwdrivers nest inside of each other and they all nest inside the hammer. A perfect gift and very handy for any toolbox.

ITEM#:	DESCRIPTION:
5IN1	5-IN-1 NESTING TOOL



CARPENTER'S PENCILS

These strong, long-lasting pencils are a favorite with carpenters and other construction companies.

They are flat to prevent rolling, even on a sloped roof and the lead is made to withstand the heavy marking even on coarse wood.

These pencils feature the Ace toll free number, are 7" in length and packed 72 per box.

ITEM#:	DESCRIPTION:
139	ACE CARPENTER'S PENCILS

2" PADLOCKS

These imported padlocks are built to the same standards as 'Master' locks. They feature the layered, bullet proof plates that are heat treated and then pinned eight times.

All brass tumblers are rustproof, and the 2" x 3/8", hardened steel shackles are nearly impossible to cut through. Includes 2 keys.

ITEM#:	DESCRIPTION:
663	2" HARDENED PADLOCKS

STEEL TRAILER AID

Never let a flat tire ruin your day. A real handy, very simple device for all tandem axle vehicles such as a horse trailer, motor home or boat trailer.

Simply position the Trailer Aid in the front or back of the good wheel, then pull forward bringing the good wheel onto the Trailer Aid. The flat tire can now be changed without using a jack even while your horse is still inside of the trailer!

ITEM#:	DESCRIPTION:
333	STEEL TRAILER AID

MAGNETIC PICK UP TOOL

A powerful 5 Lb. magnet inside a brass shield directs magnetic force to the target and won't grab unwanted objects.

The eye of the magnet is an LED light which makes locating the target super easy. It is powered by 3 button cell batteries which are included.

Has a 24" long, flexible shaft so it can bend in any direction for hard to reach places and a protective coating for long life. Imported.

ITEM#:	DESCRIPTION:
896	MAGNETIC PICK UP TOOL W/ LED LIGHT

CLASS # 44
POCKET KNIVES & SHARPENER

EASY GRIP LOCK BACK KNIFE

This knife is built incredibly rugged and features a tactile rubberized grip that resists slipping even when wet. The curve of the handle fits your palm perfectly and increases control.

It has a stainless steel blade with a non-reflecting matte finish and dual thumb posts for ambidextrous, easy opening. Includes a durable, reinforced, ballistic nylon sheath with a snap closure. This knife measures 8-1/2" long when opened and 4-3/4" when closed.

ITEM#: 372

LOCK BACK SMALL POCKET KNIFE

This small pocket knife measures just 5-1/2" when open and only 3" closed. It features a stainless steel blade with a satin finish and rugged ABS handle with a rubberized insert, steel pins and bolsters.

The handle has a clip to securely hold knife on a pocket or belt as well as a hole for a keychain.

ITEM#: 373

TACTICAL KNIFE SHARPENING ROD

The Lansky tactical sharpening rod is a tough sharpening rod that combines the speed of their proven tungsten carbide sharpeners with the compact convenience of their diamond retractable rod.

This easy to carry knife sharpener fits in your pocket so you can keep it with you for fast blade maintenance. It has a sturdy metal casing and a knurled, non-slip grip.

ITEM#: 371

CLASS # 44
COLOR CODED NAIL SET

This 3 pc. color coded nail set is made of hardened and tempered alloy steel with shock absorbing and knurled rubber grips to prevent slipping. They're excellent for setting nails below the surface and include the three most popular sizes for almost any size nails. Includes one each of 1/16", 1/32" and 3/32".

ITEM#:	DESCRIPTION:

N124	12”	LARGE SCREEN DIGITAL CALIPER

CLASS # 44
300 Lb. CAPACITY PVC UTILITY CART

These carts will haul around up to 300 lbs of material with ease on their 4” heavy duty, rubber castors which are all ball bearing, and have the ‘foot push’ lock down levers, so the cart stays where you put it, loaded or not.

The body is 100% heavy duty, hard PVC, which is very sturdy under any conditions, and absolutely dent-proof. You can bump these carts into almost anything, and you won’t hurt them or damage anything you hit, because the cart bodies are resilient like the popular Rubbermaid® products.

They have 2 large, leak proof shelves that are 4” deep, 18” wide and 28” long with a 4-1/2” clearance from the floor. Available in black only. Import.

ITEM#:	DESCRIPTION:
345	300 LB. CAPACITY PVC UTILITY CART

CLASS # 44
Homak STEEL TOOL BOX

Homak® tool boxes are designed for the professional as well as the home handyman. This 24” tool box features industrial quality steel construction on the body, frame, drawers and lid as well as the included tool tray.

It has a brown, wrinkle finish powder coated paint finish that resists rust, corrosion and harsh weather conditions and a triple clasp system to keep lid securely closed. Homak® tool chests are made for maximum durability.

Specifications:

- Metal Thickness: 0.8mm
- Width: 24-1/8”
- Height: 9-3/4”
- Depth: 8-5/8”
- Weight: 14-1/2 Lbs.

CLASS # 44
POLY SAND BAGS & BAGGER

These are the toughest poly bags on the market for filling with sand for use during a flood or other emergencies.

They're made from a tough, woven polypropylene material that is tested to 1,600 hours of Ultra Violet light as well as other severe weather conditions and will not break down over long periods of use.

They're 14" x 26", have a pull-tight draw string to prevent leaking, and are approved by fire departments and the F.E.M.A. emergency agencies. Packed 100 bags per box, but sold individually.

The 'EZ-Bagger' is perfect for loading sandbags. It works with both poly and burlap bags, and is virtually indestructible. It is a 'one person' sandbag filler and is lightweight and stackable.

ITEM#:	DESCRIPTION:
SAND	POLY SAND BAG
SANDFILL	EZ-BAGGER SAND BAG FILLER

CLASS # 44
NYLON SPRING CLAMPS

CLASS # 44
8’ CHARMING WINDMILL

These are 8’ high, steel replicas of real working windmills seen on farms and in yards across America. They are real working, whisper quiet, and the perfect decorative touch to any garden or yard.

Twelve durable steel blades in an old world design are plated for lifetime resistance to outdoor elements. The turning axle is all ball bearing for almost soundless operation and they have a wind ‘direction finding’ blade that will always give you the true wind direction and keep the blades turned into the wind.

They have a stylized tapered stand that is 6’ high and over 2’ wide at the base and comes with four stabilizing corner stakes. The bladed wheel is over 2’ in diameter and colorfully tipped with a red stripe giving these charming windmills an old world elegance and a personal touch to any yard. Imported. 44 lbs.

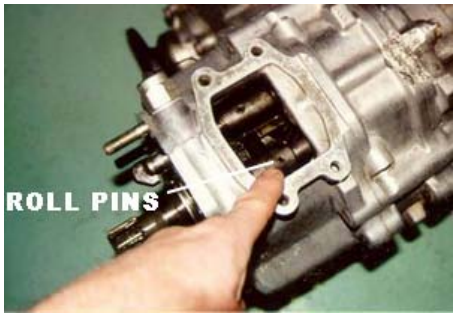
ITEM#: WASH



CLASS# 44
WING NUTS / WIRE NUTS

These Marrette twist on wire connectors are American made by Thomas & Betts the leading name in electrical connectors. Their unique inner spring and cap grip make them the first choice of professional installers across the country.

The external cap is tough polypropylene and 105° 'C' rated to withstand incredible pressures. They have close-spaced, deep grooves for real twisting power, even with greasy or oily hands and have a deep, wide throat for total insulation coverage. The throat is threaded to guide large wire into the spring chamber.

A copper coated inner spring expands to accommodate more wires with less twisting effort than a fixed spring wire nut, and they are color coded for easy size selection. Available in standard, winged and grounding nuts that let one end of the wire come through for grounding applications.

Standard Wire Nuts

Winged Wire Nuts

CLASS # 44
UNIVERSAL LOCKOUT TOOL

Don’t get locked out of your vehicle again! This is an all in one Universal Lockout set just like the ones used by the Auto Club or the Repo Man. It is a complete set designed to work on most cars or trucks.

The set includes the thin barwide bar, a wire form ‘S’ hook, a slide lock tool, a wonder tool, a plastic coat hanger, 2 piece wedges and a universal gas cap tool.

It’s very simple to use and will get that car or truck door open in a jiffy, where a tow truck driver will commonly charge about $50.00 to do the same thing! It works on foreign and domestic cars and trucks and is a great item for just about anyone; just don’t lock it in your car!

ITEM#:	DESCRIPTION:
ULT	UNIVERSAL LOCKOUT TOOL KIT

CLASS # 44
LOCKOUT TOOL INFLATABLE WEDGE

This handy device is used in tandem with a universal lockout tool. Simply wedge the bag between the door and the door frame or the weather stripping and the window then squeeze the hand pump. This allows enough space to insert a lockout tool and easily unlock the door. Import.
